SI-300 System Interface

Product Overview

Multi-Purpose Solution The TDK RF Solutions SI-300 controller is a multi-purpose system interface designed for manual or computer controlled EMC test systems. The SI-300 provides a user-friendly method for controlling field sensors, turntables, masts, probe positioners, and local and remote switch modules (depending on configuration chosen).

Flexibility The SI-300 can be a rack mounted or used as a stand alone unit. The SI-300 rear panel can be configured to contain up to 4 channels or up to 4 RF switches, depending on your application.

Fiber Optic Links Non-intrusive fiber optic links control the remote devices, eliminating the interference that may be associated with conventional control cabling.

The TDK RF Solutions SI-300 is a menu driven, multi-purpose solution specifically designed to integrate and control a wide variety of instruments used in EMC test systems.

Features

- Menu driven, multi-purpose system interface
- Graphical 240 x 64 LCD display
- Fiber optic control of remote devices
- Easy to operate ergonomic controls
- GPIB control for front panel functions
- Optional built-in RF switches

Application Options

- Field Probe Data Acquisition
- Turntable Control
- Antenna Mast Control
- Probe X-Y Positioner Control
- Antenna X-Y Positioner Control
- Local and Remote RF Switching Control

SI-300 System Interface

Interfacing Capability Options

RF Field Probes

Emission Positioning Devices

- Turntable
- Antenna mast/polarizer
- Absorption clamp

Immunity Positioning Interfaces

- X-Y Probe Positioner
- X-Y Antenna Positioner
- Antenna mast/polarizer

RF Switch Interface

- Control Remote Switches
- Control Local Switches on Rear Panel
- IEEE-488 Computer Interface

Fiber Optic Interface

Communication: 62.5-micron glass

Electrical Specifications

Power Requirements 100-240 VAC, 50-60

Hz. 45 W

Communication Media Fiber optic cable

(ST connectors); Bi-direction asynchro-

nous serial

Display Resolution 240 x 64 backlit LCD

Channel Capacity 4 fiber channels

Ordering Information

Product: System Interface

Model Number: SI-300 Warranty: 1 year
